radius financial group inc. announces new insurance division

October 15, 2014, NORWELL, MA – radius financial group inc., a leading private mortgage lender in New England, is now offering Massachusetts customers property and casualty insurance, including homeowners, renters, auto and umbrella policy lines.

radius is one of the few licensed mortgage banking entities approved to offer insurance by the state of Massachusetts. As a mortgage lender, radius already has access to all required homeowners criteria, allowing for a streamlined bidding process and more accurate quote, should the customer decide to choose radius insurance for their homeowners policy.

“Offering property and casualty insurance is a natural complement to our residential mortgage business,” said Keith Polaksi, radius principal and COO, “We’re committed to constant innovation in our industry and by streamlining the homeownership process, our clients and referral partners will delight in smoother closings.”

Currently, radius is only licensed to carry insurance in the state of Massachusetts and is working toward licensure in other states.
